

## REVIEW QUESTIONS

### Existence of God (2)

Lesson 10

11/22/20

Take some time to think through the things we talked about in our last lesson and review your notes. Then briefly answer the review questions below.

1. Who was Anthony Flew?
2. The teleological argument takes its name from the Greek word *Teleo*. What does that word refer to?
3. What does the class of teleological arguments assert?
4. What is fine tuning?
5. What are the two things which together are evidence of something having been designed by an intelligent mind?
6. What are the two aspects of the teleological argument?
7. How does fine tuning point to the existence of God?
8. What are a few examples of things about our universe or the earth that are fine tuned to permit life?
9. What is the anthropic principle?
10. What is irreducible complexity?
11. Why does biological information point to a creator?
12. What was the most helpful thing you learned in this lesson, or was perhaps particularly new or interesting to you?
