Origin of the Universe

Lesson 25

3/21/21

Take some time to think through the things we talked about in our last lesson and review your notes. Then briefly answer the review questions below.

1. What does the Bible teach us regarding the origin of the universe?
2. What is the Kalam Cosmological Argument
3. Where do many people get their ideas about cosmology and the beginning of the cosmos?
4. What, for centuries, had been the almost universal view regarding the origin of the universe?
5. How did the discovery of the Big Bang alter that view?
6. How does the second law of thermodynamics point to the origin of the cosmos?
7. What has been the result of repeated attempts to overturn the Standard Model of the Big Bang throughout the 20th century?
8. What are the two kinds of known causes or explanations for the occurrence of events?
9. What is the problem with the theory that the universe could have arisen from nothing in a quantum vacuum?
10. What was the most helpful thing you learned in this lesson, or was perhaps particularly new or interesting to you?
